PROFILE

Design leader blending creative intuition with strategic clarity. I build and lead teams that create user-centered, business-aligned experiences across B2B and B2C products. I enjoy simplifying complex problems, exploring new ideas and building products from the ground up.

EXPERIENCE

MANAGER, PRODUCT DESIGN

Birdeye | Aug 2023 - Present

- Joined as a Staff Product Designer and was promoted to Manager, Product Design.
- Led product design across five product areas: Platform, Integrations, Insights, Reporting and Marketing Automation.
- Led the Aero design system, collaborating across a 14-designer organization.
- Designed AI-powered experiences including agent recommendations and AI search.
- Co-led the design team's AI transformation and adoption.
- Named a 2025 Bar Raiser, recognizing performance among the top 1% of employees.

MANAGER, PRODUCT EXPERIENCE | CHATBOTS AND MORE

Phenom | Jun 2017 - Aug 2023

- Promoted three times in six years, progressing from Product Designer to Manager, Product Experience.
- Led the design team for Scheduling and CRM products.
- Led chatbot product and its supporting design infrastructure ground up, reaching 100K weekly users.
- Shaped product strategy and innovation through regular collaboration with the CEO.

SR. UI/UX DESIGNER

Grabon | Sep 2016 - May 2017

- Led the redesign of HappySale, BestPriceOn and Sellers Commerce.
- Built a feedback mechanism that increased customer feedback visibility by 20x.

EARLY PROJECTS & CONSULTING

- Adobe - Photoshop Elements for touch devices. IIT Guwahati - Urban planning UX. Consulting - Algo Engines, Nawab House, Bloomin Salons & others
